ABOUT ME GOALS

I learn fast. I like to work with new and exciting technologies, and I'm quite good at picking up things. I fare relatively well when it comes to navigating unknown areas.

In the future, I want to work in areas which requegree of problem solving and creativity; Fields AI, Machine Learning, Neural Networks or Sma

SKILLS		
Server-side	Databases	Client-side
NodeJs ExpressJs	Transact SQL MS SQL Server, Standalone	Javascript JQuery, Vanilla
PHP Laravel, Vanilla	MySQL Framework, Standalone	HTML Bootstrap, HTML5
NET C#, VB	Redis Standalone, NodeJs	CSS LESS, Vanilla
Ruby Rails, Vanilla	MongoDB ExpressJs, Standalone	UI/UX Concept & Development
Python Django, Vanilla	DynamoDB ExpressJs, Standalone	
Platforms	Servers	Cloud Services
Windows Dev & Prod Environment	Apache HTTP, HTTPS	Amazon Web Services EC2, SQS, SNS
Mac OSX Development Environment	IIS WCF	DigitalOcean Droplets, Basic Mail Serve
Linux Production Environment	Nginx RTMP	Azure Web hosting
Android Eclipse, Studio		
Dev Tools	Other	
Git	Regular Expressions	
Npm	Wordpress	
Composer	Electron, Socket.io and Websockets, Docker, Chrome extension, Chrome Apps, Desktop App	
Grunt

Teaching Assistant

Thadomal Shahani Engineering College, Mumbai, IN

Jul 2013 - Oct 2013

Highlights

Lecturer, Laboratory assistant

- Lectured on several subjects in the Computer Engineering departn
- Guided students in Electronics laboratory to design projects.
- Courses I taught include Electronics Circuit and Communication For Digital Logic and Design, and analog Electronics.

Software Engineer, Intern

Larsen & Toubro Jul 2012 - Mar 2013

Highlights

.NET Progammer, Degaussing System, SCADA.

- Design and Networking of a **Human Machine Interface** for a Degaus with SCADA.
- These systems are the most effective means of protecting a ship aga sea mines.
- Project highlights include acquiring information about the **power an** the ship with the intention of controlling them, communicating enco

working with **NMEA protocol** to locate the ship using GPS.

Technologies & Other

C# and VB.NET, Digital signal processing, NMEA protocol decoding.

Intern

Highlights

EMU, Western Railways Jun 2012 - Jul 2012

Project Trainee, Indian Railway system.

- Monitoring **Traction Distribution** in the Mumbai Suburban region of Railways with SCADA.
- Establishing connection between Electrical multiple unit (EMU) and management system using the **Passenger Information System**.
- Operating traction motor with VVVF control technique.

EDUCATION

Bachelor in Engineering (Electronics & Telecommunication)

Thadomal Shahani Engineering College, Mumbai, India

Higher Secondary School

Kishinchand Chellaram College, Mumbai, India

Passed with 94.5%

Secondary School

St. Francis De Sales School, Mumbai, India

Passed with 90.9%

INTERESTS MISCELLANEOUS

Cinema & TV Guitarist

Volleyball

Food

Trekking

Nationality Indian

Date of Birth

9th September, 1991
